**Shachbag**, the **young leaders of Shevet Tapuz** (the Israeli scouts of Orange County), lead, educate and install value in the younger children of the troop. They organize various community holiday celebrations such as Purim and Hanukkah, and they present to the Orange County community the only Yom Hazikaron ceremony. They also organize camps and day hiking trips for the troop. Last year the Shachbag started a recycling program that was implemented at the last Israeli Expo and it continues yearlong within the troop. On average, each of our young leader dedicates more than 200 hours of community work every year.
